

THANK YOU DAY CREATIVITY AT HOME with the **GLUCKSMAN**

It's time to celebrate love with our Valentine's **#creativityathome** activities

CREATIVE EXPLORATION

Take a piece of paper and write down all the different things in your life that you're thankful for. How many can you come up with?

Is there someone in particular you want to say 'Thank you' to?

ART ACTIVITY: GRATITUDE FLOWERS

MATERIALS: coloured paper, straw, scissors, pencil, pen, glue stick

Create a unique bunch of gratitude flowers to say a special thank you!

THANK YOU DAY CREATIVITY AT HOME with the **GLUCKSMAN**

ACTIVITY STEPS

Follow the instructions and watch out tutorial video for a step by step guide.

Step 1: Draw the shape of a flower onto the first coloured paper. Make it about 5 cm big

Step 2: Repeat this process, and draw a flower on the second coloured paper, slightly smaller (3-4 cm)

Step 3: Repeat this process again, and draw a flower on the third coloured paper, again, slightly smaller.

Step 4: Take a green piece of coloured paper, fold it in half and draw a leaf at the beak. You should be able to fold it around your straw later on! Step 5: Cut out all the pieces! Ask for help if you don't feel confident with the scissors!

Step 6: Put all the flowers on top of each other (the largest one on the bottom, the smallest on the top) and cut a hole in the middle.

Step 7: Take your straw and cut the top to be a triangle.

Step 8: Push the straw through the small hole in the flowers – fold the top bits of your straw to secure it!

Step 9: Glue the leaf onto the side of the straw.

Step 10: Write what you're grateful for on each individual petal!

If you have an egg carton, you could paint it green and put your flowers in a bouquet to the window. You can make as many gratitude flowers as you like!

We would love to see what thank you artworks you create and how you get on with these National Thank You Day activities. Ask your parents or guardian to share photos with us on the Glucksman's social media pages - [Facebook](#), [Instagram](#) and [Twitter](#) and we will post them to our online galleries on our website.
