

Secondary School

The Glucksman invites school groups to explore contemporary art in the galleries through a seasonal programme of art workshops. These sessions are tailored for different age groups to introduce creative and collaborative activities. This season our focus is on young people's rights and through the **See You, See Me** project schools will have the opportunity to develop rights-based awareness while creating artworks for public exhibition.

For detailed information about a specific workshop for your group, please email education@glucksman.org. Workshops cost €100 and run for 1.5 hours. Advance booking with the education department is essential for all workshops.

Secondary Level Workshops

10 December 2019 – 13 March 2020, 1.5 hour workshop €100. Booking essential

Secondary School Junior Cycle (12-15 years)

Workshop 1: See You, See Me - Climate Change + Environment

Climate Change is an urgent challenge facing the world and will impact on children's rights to survival and development. This creative workshop will encourage participants to voice their views on climate change and to create artworks that challenge all of us to think about our actions towards the environment.

Workshop 2: See You, See Me - Justice + the right to be heard

The importance of freedom of expression and the right for young people to be heard are key factors in the UN Convention on the Rights of the Child. In this creative workshop we invite students to present ideas on urgent issues that they would like to share with the world. Drawing inspiration from protest banners, participants will learn techniques to amplify their messages using images and text.

Secondary School Senior Cycle (15-18 years)

Workshop 1: See You, See Me - Migrants + Refugees

Children seeking asylum are some of the world's most vulnerable citizens and it is crucial their rights are protected. This **See You, See Me** workshop will invite students to explore creative techniques and artmaking skills and to design imaginative installations. Working with a trained facilitator, participants will create artworks that convey messages of solidarity and illustrate the welcoming and supportive environment that will ensure the rights of child refugees are secured.

Workshop 2: See You, See Me - Equality

This workshop will invite students to share messages of equality by designing and creating large scale artworks using stencils and spray paint. Taking inspiration from Street Art, participants will work collaboratively on artworks for public exhibition.
